\* Refer to the specification sheet for full details of the clearance distances and heat capacity and output.

\*\*Space Heat Output is only a guide based on homes with average insulation, window area, and 2.4m ceiling heights. Differences in these factors, as well as others like, geographical location, layout of the house, living room size, type of windows all play a part in choosing the right model for your heating needs. Consult your dealer or installation contractor for more information.

### Glen Dimplex Australia Ltd

Glen Dimplex Australia Ltd's policy is one of continuous development. We reserve the right to change size and specifications without notice. For the latest product information and warranty details please refer to [www.masportheating.com.au](http://www.masportheating.com.au). Please refer to the installation and operation instructions before having your Masport Wood Fire installed. A full set of these instructions is supplied with each fire.
